College Aid Pro™

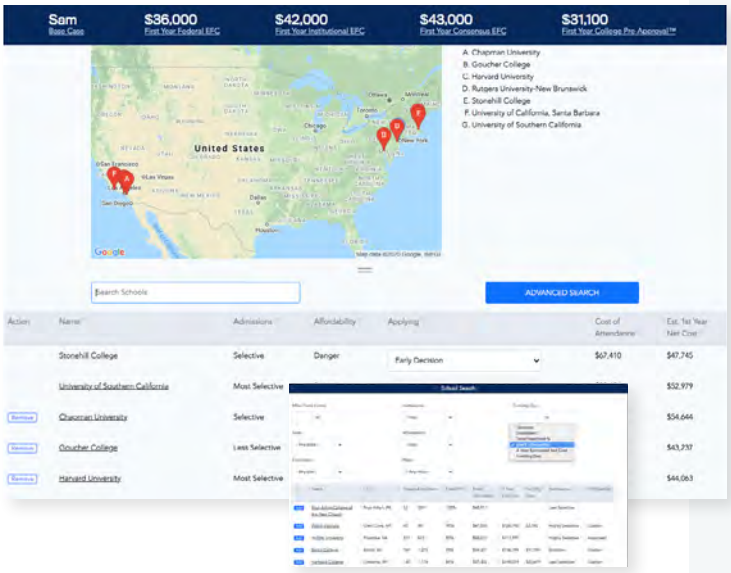

Welcome to College Aid Pro™

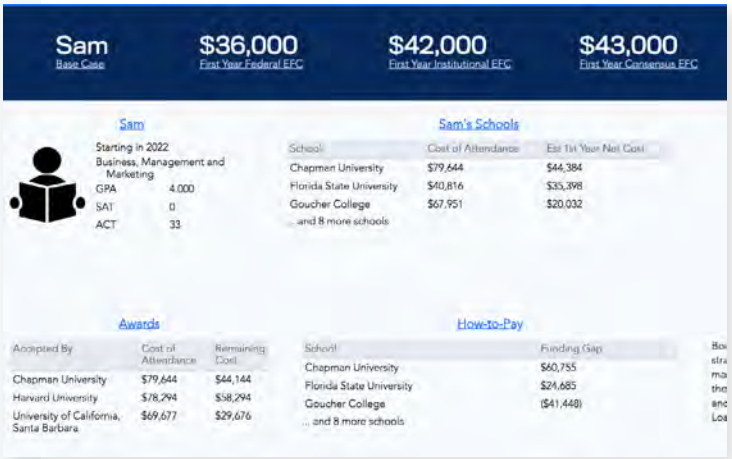

In partnering with our team, you and your family have access to College Aid Pro™, America's #1 college planning software. We believe that you deserve the best - and that means being able to proactively plan for the ongoing cost of college as you send your soon-to-be graduates to the institution of their choice.

When you use College Aid Pro™ with our team, you will gain clarity in:

Net-Cost Comparison of 2,400+ Schools

Find schools that will give you the most free money and compare your families out of pocket cost Our apples-to-apples comparison allows you to contrast different school options across the country, calculate SAIs, and smart-search for the best-fit schools for your clients and their college-bound kids.

Student Aid Index Calculations

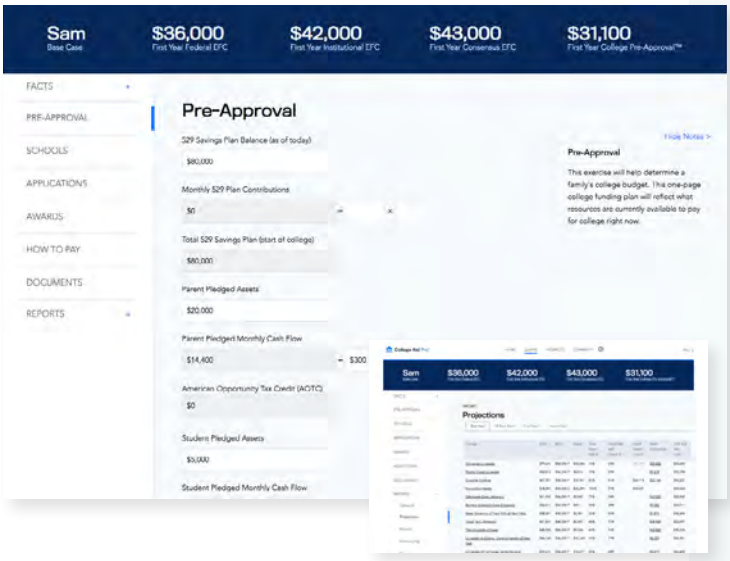

The College Aid Pro™ tool helps you understand what each college thinks you can afford, otherwise known as your expected family contribution.

Custom Reports

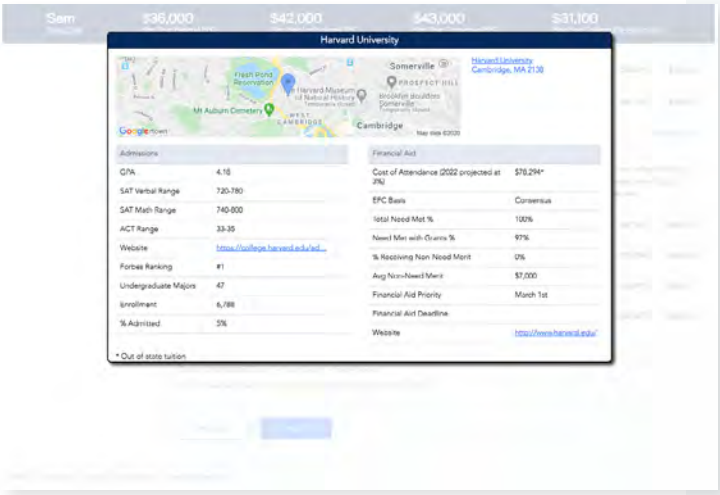

You can see into the future!

You'll never be left to wonder what the actual cost college is. Your customized reports make it easy to understand financial aid provided, the out of pocket cost to attend, and your funding gap as compared to your College Pre-Approval™ budget.

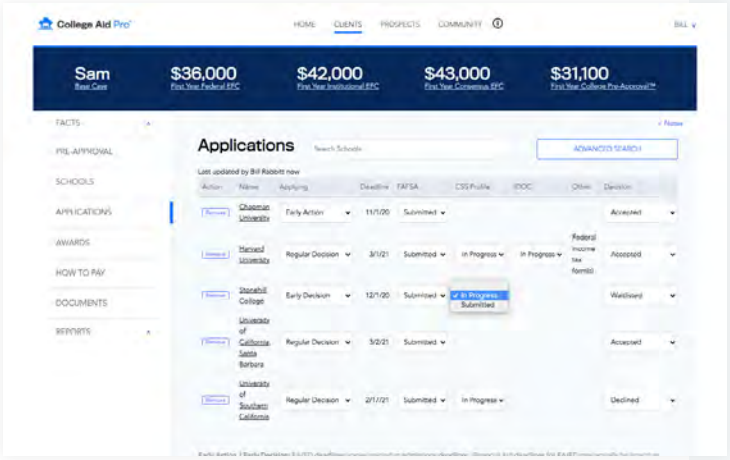

College Snapshot

You will understand where you can get in, and how generous each school is with financial aid. See important information about any school at a glance including admissions data, rankings, and financial aid stats.

Data Tracking

Struggling to keep track of your various school and financial aid applications? The College Aid Pro™ tool can help! Easily track the status of your applications and manage deadlines.

Save on the Cost of College

American high school seniors are expected to make one of the biggest financial decisions of their lives - often before they even turn 18. The cost of college has a colossal impact on them, on you as their parents, on the future generations of your family. Our team believes that, through leveraging College Aid Pro™, you'll be able to save on the cost of college and make an empowered financial decision that will positively impact your high school senior and your family for decades to come.
